Re: Notice of File Closure for Small Mining Activities, Cove Travertine, S/027/071 (UTU-075881),
Millard County, Utah

Dear Mr. Steele:

We received a copy of a December 2, 1999 letter from the Bureau of Land Management (BLM) to you, wherein they stated they closed their case file for your Cove Travertine small mining project located in the NW1/4 of Section 5, T25S, R7W, Millard County, Utah. The BLM required that you submit a Plan of Operations and a bond for this project by November 30th or they would close their case file. You did not submit the required information and a BLM inspection revealed no activity had taken place on the site.

Because this project is located on BLM managed lands, and as there is no disturbance, and as you now have no authorization to commence mining on this project, we will also close our file accordingly. If you wish to restart any mining in this area, you will have to submit a new notice to the appropriate agency, pay the Division permit fees, and receive written approval(s) prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me within 15 days at (801) 538-5321.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tom Munson', written over a horizontal line.

Tom Munson
Senior Reclamation Specialist
